

Good Morning,

Due to the school being closed today we have created a home learning pack for the day. Unfortunately, we are unable to print packs out for collection as the school is closed to all members of staff.

Phonics and Grammar.

Today we are reviewing our learning on the use of apostrophes for both contractions and possession. After you have completed the work, can you spot any apostrophes as you read your reading book.

If you learn with Mrs Garn, Miss Mole or Miss Roberts in phonics, please read your phonics level reading book to practice those tricky words.

Writing.

Today is an independent writing task. You are the captain of your ship and have just spotted land. What happens next?

Use the word and sentence bank to help you. Your writing should be at least 15 sentences long. Challenge: Use adjectives and adverbs to make your sentences interesting to read.

Maths.

We are starting to learn about position and direction. You have already done some learning on this in Year 1.

Look through the learning PDF and then complete the worksheet. REMEMBER to explain your reasoning when the question asks!

Reading.

Today we are looking at a new text called 'Coastal holidays'. Read through the text and answer the questions below.

Remember to sound out those tricky words. If you are still struggling can you read around the word to work out the meaning?

If you have any questions please send us a message on Class Dojo.

Happy learning,
Miss Philip and Mrs Cuthbert.
